

Thank for you for supporting

This Christmas!

Arrhythmia Alliance is a coalition of charities, including AF Association and STARS, working to improve care for individuals with heart rhythm disorders. AF Association supports those with atrial fibrillation through education and advocacy, while STARS assists people affected by syncope, RAS, and related conditions. Together, they provide vital resources and education, alongside life-saving programs like Pace4Life, which donates cardiac devices to underserved communities, and Hearts of Ghana, which offers heart surgeries and training. Through these efforts, Arrhythmia Alliance is making a global impact in heart health.

Dear

*On your behalf
this amount*

*has been donated to
Arrhythmia Alliance to
support its life-saving work
helping people with heart
rhythm disorders worldwide.*
